# SHELLROCK SAYINGS

The bakers' bread of today is not the bakers' bread of twenty years ago. Science and study has developed this food product more than any other manufactured article of consumption. The F. H. Traxel Company of this city is now the leading bread bakers of this section, simply because they have given study and close attention for years to making Bread that will please the public. Even now there is an impression that prevails among the few that bakers' bread is unwholesome and unfit for family use. We will admit that there are many bakers who make their head

some and unfit for family use. We will admit that there are many bakers who make their bread the same as their fore-fathers did years ago, and serve the same as their fore-fathers did years ago, and hence this impression is well tell until the same as their fore-fathers did years ago, and hence this impression is well tell until the same as their fore-fathers did years ago, and hence this impression is well tell until the same as their fore-fathers did years ago, and hence he same as the same will take the same as the same will take the same as to list of the same the same to supply this section, enabling people to get Bread that will be praised to get Bread that will we we will meet with every requirement. We make the asset of the same does in last of the same the same will meet with every requirement because we have evidence in the interest of the same as the same we will meet with every recassing demand wherever sold.
